

European Network for Children with Arthritis

Fun with JIA

Or any Autoimmune /Auto-Inflammatory disease.

Challenge!

ENCA is challenging all kids with JIA !
Are you between 6 and 18 years old?

Every day, your disease gets in the way of things you want and sometimes need to do. But now ENCA want you to challenge your JIA/ autoimmune/ auto-inflammatory disease and beat it!

Fun with JIA. For the second time, we challenge you to make a short video where you can show everybody that you certainly can have fun despite the limitations you may have.

Make a video of up to **2 minutes**, showing you having fun despite your JIA (autoimmune/auto-inflammatory disease.)

In 2017, Axelle (from France) and Peteris (from Latvia) won the challenge, you may see their videos and from other kids on our [Youtube channel](#).

Axelle [made a video to announce the 2018 challenge](#).

Rules

- Send your video to secretary@enca.org (You can use wettransfer.com)
- The contest starts at April 1st and ends June 30, 2018.
-

What should be in this mail:

Your name, age, country and the name of your JIA/autoimmune/ auto-inflammatory disease. The name of your association (if you belong to one) and your parents' names and their email address.

What can you win:

- All the winners will be invited to come free of charge to our conference September 5-8 in Lisbon with one of your parents.
- Your video will be shown on the YouTube channel, the website and Facebook page of ENCA

**who of you dares to take this
challenge??**
